

ITNS Central Facilitator

Description

The ITNS Central Facilitator is charged with supporting the networking and engagement of the ITNS Central. This role is perfect for those who have a strong interest in sharing knowledge, networking with fellow transplant nurses, and growing a strong online community.

Reports to

ITNS Board

Term

One year term, with an option to renew for up to two additional terms.

Qualifications

- Must be an ITNS member in good standing
- Familiarity with ITNS Central
- Strong written communication skills

Role and Responsibilities

- Facilitators will engage, interact, and lead networking activities via ITNS Central.
- Work with staff to create new opportunities for shared learning and discussion in transplant nursing.
- Support the organization and enhancement of a shared resource library that benefits transplant nurses and coordinators across the world.

Time Commitment

Under an hour a month, with subject to change based on activity
